Grad Expo
University of Pittsburgh
School of Arts and Sciences

Monday, March 22\textsuperscript{nd} 2010
William Pitt Union

The following Graduate Students from the \textit{Department of Computer Science} will be presenting papers or posters at the 2010 Grad Expo:

\textbf{3:15-4:45 pm Room 539}

\textbf{Michal Valko}
"Face Recognition Using Random Walks on Graphs: Real-Time Learning without Specific Feedback"

\textbf{John Yackovich}
"Using Practical TDMA to Efficiently Report Events in Wireless Sensor Networks"

\textbf{Miao Zhou}
"Page Replacement Algorithms for DRAM Caches in PCM Main Memory"

\textbf{9:45-11:45 am Ballroom}

\textbf{Santiago Bock}
"Extending the Lifetime of New Generation Memory Technologies"

\textbf{Socrates Demetriades}
"Epoch-based phases in parallel applications"

\textbf{Weenting Xiong}
"Identifying Problem Localization in Peer-Review Feedback"
